download Diablo III: Reaper of Souls - Pre-orders
for Diablo III: Reaper of Souls have begun, and
the game has been officially announced. Diablo

III: Reaper of Souls is the official prequel to the action/RPG epic Diablo III. It promises to expand the story of how the dark lord Diablo awakens and brings forth a massive army of minions to destroy humanity. The expansion will bring the total number of playable characters in the game to eight, and increase the maximum level of your hero from 80 to 100. Reaper of Souls will also have three new areas, the Crusader's Stash, the Crypt of the Necromancer, and the Cursed Minarets of the Abyss. The expansion will be released in the form of a 3-5 GB download that will
