Use anti-aliasing 09e8f5149f

Free Retina Icon Set Crack

iPhone 6 Application Icons will help you in creating apps for iPhone 5 and iPhone 6. All the icons are created to have a 16x16 pixels image size and must be resized to meet your personal taste. All the image sizes include a transparent background and are available in two colors: black and white. All the images come in the PNG format. As an extra, we have added a wide range of icons in standard and "light" versions. iOS 6 style is also included. The standard image sizes are 30x30, 24x24 and 48x48 pixels. To help you create your iOS apps, we have added iPhone and iPad app icons in the retina versions of 13, 16 and 21 pixels. All these icons come in the SVG and PNG formats. You can freely use these icons in your projects and commercial apps without any additional costs. All the files are included into the download package and are ready to use. Also, we have prepared an iPad 4 and an iPad mini 2 icon pack. We hope this is a good set for you and we are looking forward to your feedback. Here, you can find more important info about the project: - [Project] - [Demo] - [Purchase] - [Sale] [Dates] 1. June 8, 2012 - July 8, 2012 2. July 10, 2012 - August 10, 2012 IconFlyer is a collection of tiny app icons for iPhone, iPad and Mac OS X app developers. It includes high-resolution vector icons for iPhone apps and two versions of icons for iPad apps in PNG and SVG formats. The set also includes a Mac OS X and a Windows version of the application launcher icon. For iPhone apps we have added 4 image sizes in PNG format: 18x18, 24x24, 36x36 and 48x48 pixels. All the icons

What's New In Free Retina Icon Set?

If you have an iPhone or iPad app, you need this icon set! This set of 72 icons are specifically designed with Retina display in mind. High resolution images for iPhone 4 and iPhone 5 Navigation icons for iPhone and iPod touch High resolution tab bars for iPad Retina Display is not an optional technology anymore, so if you're developing iPhone, iPad or iPod touch apps, you'll need to create Retina-ready versions of your app's icons. This 72 icons set will help you achieve this goal. This icon set was designed by the design company Fixed Ideas. It is based on the official guideline of Apple for iOS iconography. But there is one thing more important here – they took into account the use of the Retina display. All the images from this set are designed to be scaled to the Retina display, so they look exactly the same on both iPhone 4 and iPhone 5. The image sizes are: 40x40 pixels for iPhone and iPod touch, 30x30 pixels for iPad. The pixel dimensions are 2048x1496 for iPhone 4 and 1920x1364 for iPhone 5. This icon set includes a wide range of sizes and detailed information about each individual icon: the icon's name, image file name, size, color, alpha (transparency) and two colors in which the icon can be shown: black and white. Some icons are included in two color variations. You can preview your icons here: The full icon pack is available as well and includes two additional variants – black and white. This icon set is Free, and it's based on the free, open source font Open Font Library. All the icons are available as .png files and organized into a folder. You can even choose individual icons from the whole set, just download the icons you need. The set includes 72 unique icons and you can choose any or all of them – they are available for immediate online preview. Get the complete set of Retina icons now – and be ready for your next project! If you have an iPhone or iPad app, you need this icon set! This set of 120 icons are specifically designed with Retina display in mind. High resolution images for iPhone 4 and iPhone 5 High resolution navigation bars for iPhone and iPod touch High resolution tab bars for iPad Retina Display is not an optional technology
